SUMMARY

Self-motivated and detail-oriented Frontend and Full Stack Developer with a Master of Computer Applications (MCA) and strong knowledge of frontend and backend technologies. Proficient in React.js, Node.js, MySQL, and Tailwind CSS, with hands-on experience in the MERN stack. Skilled in building responsive user interfaces, RESTful APIs, and managing relational databases. Contributed to real-world projects during an internship, including the E-Grampanchayat System. Passionate about writing clean, scalable code and learning emerging technologies. Seeking an entry-level role as a Frontend, Full Stack, or MERN Stack Developer.

TECHNICAL SKILLS

Frontend: React.js, HTML, CSS, Tailwind CSS | **Backend:** Node.js, Express.js
Database: MySQL | **Tools:** Git, Postman, GitHub
Programming: JavaScript, Python

EDUCATION

SSBT College Of Engineering And Technology, Jalgaon	2023-2025
Master Of Computer Application	73.67
Dr. Annasaheb G.D.Bendale College, Jalgaon	2020-2023
Bachelor Of Computer Science	85.5

INTERNSHIP

Software Development Intern

Tech Amica IT Solutions – Buldhana

Duration: February 2025 – Present

Technologies Used: React.js, Node.js (with Express.js), MySQL

Description:

- Currently working on the E-Grampanchayat System as part of a full-stack development internship.
- Contributed to both frontend (React.js) and backend (Node.js with Express.js) development.
- Implemented user and admin login modules with secure role-based access control.
- Helped design dynamic data forms and dashboards for Panchayat certificate and tax record management.
- Integrated MySQL database for structured data storage and retrieval.
- Gained practical experience in real-world web application development and deployment.

PROJECTS

Food Ordering App website

- Built a responsive food ordering website using only frontend technologies.
- Developed modular and reusable components in React.js for efficient rendering.
- Focused on clean UI/UX and fully responsive layout design.
- **GitHub:** <https://github.com/roshanichaudhari738/FoodOrderingApp>

To-Do List Web Application

- Built a responsive task management app using **React.js** with **modular design**.
- Enabled dynamic task **add, update, and delete** using **useState** and **useEffect**.
- Designed a clean and mobile-friendly UI for better user experience.
- **GitHub:** <https://github.com/roshanichaudhari738/ToDoList>

CERTIFICATIONS

- **IBM Professional Web Development Certification (2024)**
- **SQL Hacker Rank Certificate**
