- | | | | |
|------------|----------------|--------------|-----------|
| • Python | • Tailwind CSS | • Node JS | • Postman |
| • React.js | • MySql | • Express.js | • Node.js |

EDUCATION

SSBT College Of Engineering And Technology, Jalgaon	2023-2025
Master Of Computer Application	Pursuing
Dr. Annasaheb G.D.Bendale College, Jalgaon	2020-2023
Bachelor Of Computer Science	85.5

INTERNSHIP

Software Development Intern

Tech Amica IT Solutions – Buldhana

Duration: February 2025 – July 2025

Technologies Used: React.js, Node.js (with Express.js), MySQL

Description:

- Currently working on the E-Grampanchayat System as part of a full-stack development internship.
- Contributed to both frontend (React.js) and backend (Node.js with Express.js) development.
- Implemented user and admin login modules with secure role-based access control.
- Helped design dynamic data forms and dashboards for Panchayat certificate and tax record management.
- Integrated MySQL database for structured data storage and retrieval.
- Gained practical experience in real-world web application development and deployment.

PROJECTS

Food Ordering App website

- Built a responsive food ordering website using only frontend technologies.
- Developed modular and reusable components in React.js for efficient rendering.
- Designed a dynamic product catalog with category filtering and intuitive navigation.
- Focused on clean UI/UX and fully responsive layout design.

To-Do List Web Application

- Built a responsive task management application using React.js.
- Enabled users to add, update, and remove tasks dynamically.
- Used `useState` and `useEffect` hooks for state and lifecycle handling.
- Focused on modular design and responsive UI.

CERTIFICTIONS

- IBM Professional Web Development Certification (2024)
- SQL Hacker Rank Certificate
